

We Won't Go Back! The People Demand, "Stop Police Murder!"

The cops who killed Tanisha Anderson, Tamir Rice, Malissa Williams, Timothy Russell, John Crawford, Michael Brown, and Eric Garner, are walking free. This is an OUTRAGE! Killed for what?? Jay-walking, selling loose cigarettes, driving while Black, needing mental health support, shopping at Walmart. This amounts to America giving its stamp of approval to police murder. And the killing goes on and on... Every 28 hours a Black person is killed by law enforcement. **THIS MUST STOP!**

The recent outpourings of rage have been beautiful, powerful, and sorely needed. Starting with the defiance of people in Ferguson and spreading across the entire country, people are standing up and saying **NO MORE**. Now, **Ferguson is Everywhere!**

We are keeping vigil, marching, meeting, holding die-ins, blocking highways and bridges. Black, white, people of every nationality are standing up together. Family members are out in front demanding justice for their loved ones, whose lives have been stolen. Youth are in the streets. Clergy are preaching justice inside and outside of their churches, mosques, and temples. Med students, law students, teachers, artists, athletes, and celebrities are declaring in earnest, "Black Lives Matter." The people are waging a deeply righteous struggle.

Well-intended calls for review boards and reforms constitute a well-worn path paved with the bodies of thousands of Black people and other people of color. Aren't we tired of the same officials and politicians who said nothing for what seems like forever now asking for patience and compromise? We don't want to focus on what happens **AFTER** each new murder. We need millions demanding justice **NOW**, not five or ten years from now—it's a matter of life and death. **No list of demands in Cleveland would be complete without insisting:**
